

Austeofix

Austeofix Surgical Pvt. Ltd.

ISO 9001: ISO 13485 & F.D.A CDSO APPROVED COMPANY WITH C.E MARKED PRODUCTS

A PERFECT FIXATION

ABOUT US

We, **Austeofix Surgical Pvt. Ltd.**, are working as a renowned Manufacturer and Suppliers of **Orthopedic Implants, Maxillofacial Implants, Spine Fixation Implants and Instruments** of exceptional quality. With experience of more than two decades in this domain, the Director of this company decided to start with its own brand "**Austeofix**" to bring forth high quality products at best prices. Available in various specifications, Our Quality proven range of Orthopedic Implants, Maxillofacial Implants, Spine Fixation Implants and Instruments distinguish us from others in this competitive marketplace,

We have assembled a team of experienced personnel which helps us in carrying out daily operations efficiently and smoothly. Our workforce comprises 25 individuals including administration, sales and marketing personnel. We have strategically placed our sales office in the centre of the city which makes communication with various authorities and rendering services to clients easy and hassle free.

We have acquired all the required certifications for Quality and Manufacturing Orthopedic Implants, Maxillofacial Implants, Spine Fixation Implants and Instruments like **ISO 9001: 2015, ISO 13485, CE Marking, And Manufacturing Drug License Approved By CDSCO (FDA) India.**

CORE PRINCIPLES

Austeofix is aimed at establishing a global reputation of exceptional quality, precision and cost effectiveness based on profound surgical wisdom. Our main strength lies in the philosophy of the development of this company by people, who are united by a clear objective and have a vision of the emerging market needs. We are built on the following core principles which are:

Quality- To ensure our clients are provided with quality instruments, cost effectiveness and services.

Innovation- To anticipate the emerging needs of the industry. To manufacture bespoke and precise instruments that can aid in the improvement in the quality of care provided throughout the country.

Customer services- To assist our customers at every levels and provide exemplar services while ensuring clear communication thereby catering to their needs effectively.

Emphasis on Quality

Quality is one of the major factors that has contributed immensely in our growth and progress in the chosen domain. We are committed to excellence and are confident that the products we provide, are of best quality and true value for money. All products conform to the international standards. Through strict adherence to GMP and continuous review of the quality management system, we are able to provide highest level of services to our clients. For us, quality is not a compliance tool but is a vital element of our business operations.

OUR VISION

We are aimed at becoming one of the largest companies in this domain to serve innumerable number of doctors, healthcare professionals with highest quality products and services.

MISSION
